

# 5G ITALY

The Global Meeting in Rome

## TOWARDS THE TLC OF THE FUTURE

# TOWARDS THE TLC OF THE FUTURE

5<sup>th</sup> EDITION

Rome, Nov 29<sup>th</sup>, 30<sup>th</sup> - Dec 1<sup>st</sup> 2022

**5G Italy**, reaches its 5<sup>th</sup> edition. The international conference promoted and organised by the Italian National Inter-University Consortium for Telecommunications - CNIT (Consorzio Nazionale Interuniversitario per le Telecomunicazioni) is once again the most significant event in Italy about 5G and its several application areas.

The fifth edition of **5G Italy - Towards the TLC of the future** will cover the research, development, and implementation activities currently under way in Italy and the rest of the World and will also feature the projects linked to the National Recovery and Resilience Plan - NRRP (Piano Nazionale di Ripresa e Resilienza, PNRR), allocating major investments for the digitalisation of the Country.

In this transition process, 5G will act as one of the connecting points for electronic communications and will be a key factor to boost national economy, as well as drive economic growth.

In this complicated and challenging historical period, 5G will play a more and more relevant role for its industrial and social applications, but also in fields such as services, businesses, and Public Administrations.

# TOWARDS THE TLC OF THE FUTURE

Rome, Nov 29<sup>th</sup>, 30<sup>th</sup> - Dec 1<sup>st</sup> 2022

5<sup>th</sup> EDITION

**5G Italy** will also be a great networking opportunity: a strategic meeting-point for businesses, public entities, the academic world and decision-makers.

Finally, as usual, the event will feature scientific sessions and the PhD School, which will take place in parallel with the main Conference.

Both the main Conference and especially the scientific sessions will deal with the evolution of 5G towards 6G, and new mobile or fixed network architectures.

# TOWARDS THE TLC OF THE FUTURE

Rome, Nov 29<sup>th</sup>, 30<sup>th</sup> - Dec 1<sup>st</sup> 2022

5<sup>th</sup> EDITION

## PARTECIPATION

5G Italy will count on the valuable participation of distinguished institutional representatives (i.e., from Government, Parliament, and Public Entities), as well as C-suite from top-rated Italian and foreign companies.

Speakers will be cherry-picked from a shortlist of top managers active in the areas to be discussed at the event.

CNIT will draft and deliver individual invitations directly to the speakers/institutional representatives, checking on their availability, with a commitment to the success of the event.

## ONLINE E ONSITE

The Conference will be a hybrid event: set up in a prestigious location, a TV studio will accommodate speakers and guests, for them to participate either on site or online.
